2010 Waiting List Survey

Why does adult education need more money?

In order to document the need for adult education funding, every two years we ask you to ask your local programs to document the extent to which they have waiting lists. This year we know there are more waiting lists than ever.

Please forward this NWV to your local programs and urge them to take two minutes to answer the four questions on the URL below.

<http://waitinglists.questionpro.com>

The House is considering the 2011 appropriation this spring and the Senate this summer. We will see that each of the appropriation members has a copy of the survey report. We will also publish it on our website.

Thank you for helping us collect this information **by March 1**.
